

PLASTICS & MOLDING

CUSTOM PLASTIC INJECTION
& BLOW MOLDED PRODUCTS

Highest Quality,
Highly Reliable Components

INJECTION + BLOW MOLDING
ISO CLASS 7 CLEANROOM
SINCE 1984

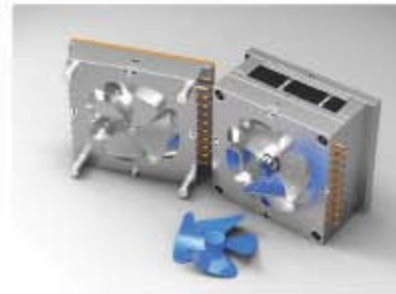

Hi-Rel Plastics and Molding serves every facet of the molding processes:

- Part to project
- Tool design
- Prototyping
- Tooling
- Sampling and production

Why Choose Hi-Rel?

- Low Cost Tooling (Mold)
- Engineering solutions for
- ISO 7 (Class 10,000) Clean Room
- 24/7 running virtually all types
- In-house secondary services
- Environmentally clean facility
- JIT, Kan Ban, Dock to Stock

Capabilities:

- Injection Molding
- Blow Molding
- 35 to 550 Ton
- Clean Room Medical Molding
- High Temp Engineering Grade
- Micro Molding
- Insert Molding
- Over Molding
- Hand loaded or unscrewing
- Rapid prototyping

Secondary Services:

- Pad printing
- Hot stamping
- Label Application
- Heat Transfer
- In-Mold Decorating
- Color Matching
- Ultrasonic Insertion
- Ultrasonic Welding
- Heat Insertion
- Adhesive Bonding
- Custom packaging services
- Plastic & metal machining
- Metal tool manufacturing
- CNC turning & lath operation
- 5-axis CNC milling
- Drilling or milling operations
- Product assembly services
- Coil manufacturing
